

CNC Machined precision turned components $\pm 0.01\text{mm}$ Tolerance

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Certification: 1
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Lead Time: 7-15 Days
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Delivery Method: DHL, FedEx, UPS, Etc.
- Quality Control: 100% Inspection Before Shipment
- Material: Aluminum, Steel, Brass, Etc.
- Packaging: Standard Export Carton Or Customized
- Highlight: **Machined Precision Turned Components, CNC Precision Turned Components**

Product Description

Product Description:

CNC Machined Parts are precision-engineered components, produced through a manufacturing process involving the use of highly sophisticated numerically-controlled (NC) machining tools. CNC-manufactured components offer superior levels of precision, accuracy, and strength compared to other fabrication processes. Our CNC Machining services are available for a wide range of materials, including aluminum, steel, brass, and other metals.

We are committed to quality and ensure that each part is thoroughly inspected before shipment. Our surface treatments include anodizing, plating, and painting, to provide a range of options for your parts. We use the most up-to-date technology to ensure that all our parts are of the highest quality and meet your exact specifications. Our lead time is typically 7 to 15 days.

We provide a range of drawing formats, including PDF, DWG, IGS, STEP, and other formats. All our drawings are checked for accuracy and precision, ensuring that your parts are produced to the highest quality standards. We use the most advanced CNC technology to produce parts that are dimensionally accurate and consistent.

Features:

Product Name: CNC Machined Parts

MOQ: 1 Piece

Application: Automotive, Aerospace, Medical, Etc.

Packaging: Standard Export Carton Or Customized

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Processing Method: CNC Machining, Turning, Milling, Etc.

Features: Precision machined parts, Computer-aided manufacturing parts, Numerically-controlled machining parts

Technical Parameters:

Parameter	Detail
MOQ	1 Piece
Quality Control	100% Inspection Before Shipment
Size	Customized
Application	Automotive, Aerospace, Medical, Etc.
Surface Treatment	Anodizing, Plating, Painting, Etc.
Tolerance	±0.01mm
Material	Aluminum, Steel, Brass, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
Lead Time	7-15 Days
Delivery Method	DHL, FedEx, UPS, Etc.
Keywords	Computer-controlled machining parts, CNC-machined components, Computer-aided machining parts

Applications:

Yuanwenyu is a leading manufacturer of CNC-manufactured components and computerized machining parts, offering a wide range of customized solutions for your needs. Our computer-aided machining parts are made with the highest level of precision, ensuring that your components meet your exact specifications. Our custom machining parts are designed to fit perfectly into your machines, providing optimal performance and reliability. Our precision machining parts are made to exact standards, guaranteeing that you get the highest quality product at the best price. We guarantee 100% inspection before shipment, so you can be sure that your parts are defect-free. Our CNC machined parts are widely used in various applications, including automotive, aerospace, medical, and other industries. Our parts are available in a variety of sizes and can be customized to meet your exact requirements. We are committed to providing the highest quality parts at the most competitive prices, ensuring that you get the best value for your money. We strive to deliver the best customer service and always put our customers first.

Our CNC machined parts are manufactured to the highest standards and offer superior performance and reliability. Our parts are made using advanced techniques and state-of-the-art machinery to ensure that they meet your exact specifications. We are committed to providing excellent customer service and providing the best quality products at a competitive price. Our parts are backed by our commitment to quality and customer satisfaction, so you can be sure that you are getting the best value for your money.

Customization:

Customized CNC Machined Parts:

Brand Name: yuanwenyu

Model Number: 1X893, OEM

Place of Origin: Guangdong, China

Certification: 1

Minimum Order Quantity: 50 pieces

Price: \$2.35 - \$12.68/pieces

Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton

Delivery Time: 1

Payment Terms: 1

Supply Ability: 1000000 Piece/Pieces per Month

Processing Method: CNC Machining, Turning, Milling, Etc.

Application: Automotive, Aerospace, Medical, Etc.

Tolerance: ± 0.01 mm

Material: Aluminum, Steel, Brass, Etc.

Quality Control: 100% Inspection Before Shipment

Computerized machining parts, Computer-aided machining parts, CNC-manufactured components

Support and Services:

We provide technical support and service for CNC Machined Parts. Our expertise includes:

Design and prototype development assistance

Material recommendations and selection guidance

Engineering and CAD software support

On-site machining services

Troubleshooting and optimization for machining processes

Inspection and quality control

Post-processing and finishing services

Rapid prototyping and low-volume manufacturing

Packing and Shipping:

Packaging and Shipping of CNC Machined Parts:

The parts are typically packaged in special foam or bubble wrap to ensure they remain safe during transit. The parts are then placed in a cardboard or wooden box lined with extra padding to provide extra protection. If the parts require special handling, they will be strapped down with plastic or metal bands. The box is then sealed and labeled with the appropriate shipping information.

The parts are then shipped via a reputable courier or delivery service. Depending on the size and weight of the parts, they may be shipped by air, land, or sea. The shipment is tracked throughout the entire delivery process to ensure it reaches its destination safely and securely.

FAQ:

Q: What is CNC machined parts?

A: CNC machined parts are precision parts produced by CNC machines. These parts are produced by machining tools, such as milling, drilling, turning and grinding.

Q: What is the Brand Name of CNC machined parts?

A: The Brand Name of CNC machined parts is yuanwenyu.

Q: What is the Model Number of CNC machined parts?

A: The Model Number of CNC machined parts is 1X893, OEM.

Q: Where is the Place of Origin of CNC machined parts?

A: The Place of Origin of CNC machined parts is Guangdong, China.

Q: What is the Minimum Order Quantity of CNC machined parts?

A: The Minimum Order Quantity of CNC machined parts is 50 pieces.
