

## Powder Coating CNC Milling Machine Parts Anodizing

Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

### Product Specification

- Equipment: CNC Milling Machine
- Precision: High Precision
- Surface Finish: Polishing, Anodizing, Plating, Etc.
- Lead Time: 7-15 Days
- Tolerance:  $\pm 0.01$ mm
- Material: Aluminum, Steel, Stainless Steel, Etc.
- Service: OEM/ODM
- Application: Industrial, Automotive, Etc.
- Highlight: Powder Coating CNC Milling Machine Parts,  
Anodizing CNC Milling Machine Parts

## Product Description

### Product Description:

Computer Numerical Control Machining Parts, also known as Computer Aided Machining Parts and Computer Aided Manufacturing Parts, are CNC Milling Parts that are used in a wide range of industrial and automotive applications. With a lead time of 7-15 days, these parts provide excellent surface finishes such as polishing, anodizing, and plating. We offer OEM/ODM services and coatings such as powder coating and zinc plating. As such, our CNC Milling Parts provide our customers with the perfect combination of quality, reliability and value.

### Features:

**Product Name:** CNC Milling Parts

**Processing Method:** Computer Numerical Control (CNC) Milling

**Service:** OEM/ODM

**Surface Finish:** Polishing, Anodizing, Plating, etc.

**Tolerance:**  $\pm 0.01\text{mm}$

**Size:** Customized

### Technical Parameters:

Parameter	Value
Packaging	Carton, Wooden Case, Etc.
Coating	Powder Coating, Zinc Plating, Etc.
Lead Time	7-15 Days
Size	Customized
Service	OEM/ODM
Material	Aluminum, Steel, Stainless Steel, Etc.
Application	Industrial, Automotive, Etc.
Precision	High Precision
Surface Finish	Polishing, Anodizing, Plating, Etc.
Equipment	CNC Milling Machine
Type	Computer Aided Machining Parts, Computer Programmed Machining Parts, Numerically Controlled Machining Parts

### Applications:

YWY CNC Milling Parts (Model Number: cnc101) is designed for numerically controlled machining. It is made by computer numerical control milling machine with high precision and accuracy. The parts can be coated with powder coating, zinc plating, etc. for better corrosion resistance. It is widely used in various industries such as automotive, aerospace, medical, energy, and electronics. It is ideal for making high-precision, complex and intricate parts with tight tolerances. YWY CNC Milling Parts also offers OEM/ODM services and can be customized according to customer's requirements. YWY CNC Milling Parts are packaged safely and securely with carton and wooden cases.

### Customization:

Welcome to YWY for custom-made Precision Milling Parts. We offer high precision Computer Aided Machining Parts with various surface finishes such as polishing, anodizing, plating, etc. Our CNC Milling Parts are made with the highest quality materials and processed with the most advanced CNC milling technology. With our strict quality control system, we can guarantee you the best quality products with a lead time of 7-15 days. All our products are shipped in carton and wooden cases to ensure the safe delivery. Contact us now for your custom-made CNC Milling Parts with model number cnc101.

### Support and Services:

CNC Milling Parts provides technical support and service to ensure that our customers get the most out of their products. Our team of

experienced engineers and technicians is available to answer questions and provide troubleshooting advice. We also offer a comprehensive warranty on our parts and a variety of training and educational resources. Our technical support and service includes:

- Responding promptly to customer inquiries and requests.
- Providing technical advice on product usage and troubleshooting.
- Providing warranty repairs and replacement parts.
- Providing educational resources for product use and maintenance.
- Offering technical training for product usage.
