

Industrial Stainless Steel Machined Part For Equipment

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Tolerance: $\pm 0.01\text{mm}$
- OEM/ODM: Acceptable
- Drawing Format: PDF/DWG/IGS/STP
- Shipping: By Sea/Air/Express
- Surface Treatment: Polishing
- Material: Stainless Steel
- Processing Method: CNC Machining
- Inspection: 100% Inspection
- Highlight: **Industrial Stainless Steel Machined Part,
OEM Stainless Steel Machined Part**

Product Description

Product Description:

CNC stainless steel parts are precision-engineered components crafted from high-grade stainless steel, and produced with the help of advanced CNC machining technology. Our stainless steel parts are capable of providing excellent durability and resistance to corrosion, making them suitable for a variety of applications. With our CNC stainless steel fabrication services, we can provide a wide range of components with precise dimensional tolerances up to $\pm 0.01\text{mm}$, and with a lead time of 7-15 days. We offer reliable shipping by sea, air or express, depending on your needs. Our CNC stainless steel machined parts are ideal for a variety of industries, including automotive, medical, aerospace, and many more.

Features:

Product Name: CNC Stainless Steel Parts

Processing Method: CNC Machining

Surface Treatment: Polishing

Drawing Format: PDF/DWG/IGS/STP

Application: Industrial Equipment

Size: Customized

Technical Parameters:

Product Attributes	Details
Surface Treatment	Polishing
Drawing Format	PDF/DWG/IGS/STP
MOQ	1 Piece
Material	Stainless Steel
OEM/ODM	Acceptable
Lead Time	7-15 Days
Shipping	By Sea/Air/Express
Application	Industrial Equipment
Size	Customized
Processing Method	CNC Machining
Product Name	Stainless Steel Fabricated Part, Stainless Steel Precision Part, CNC Stainless Steel Machining

Applications:

Our CNC Stainless Steel Parts have a variety of applications in many industries, from aerospace and automotive to industrial machinery and medical equipment. Our CNC Stainless Steel Fabrication services include CNC machining, grinding, heat treating, welding, and more. We use the highest quality stainless steel materials to create precision machined parts and components that meet the exact specifications of the customer. Our CNC Stainless Steel Machined Parts are available in a variety of sizes and shapes to fit any requirement. We also offer custom machining and fabrication services to create parts according to drawing format such as PDF, DWG, IGS, or STP. We guarantee the highest quality of our CNC Stainless Steel Parts with our competitive prices and prompt delivery. Our lead time is 7-15 days, and our shipping options include by sea/air/express.

Customization:

Customized CNC Stainless Steel Parts

Brand Name: ywy

Model Number: cnc303

Place of Origin: guangdonghuizhou

Package: Carton/Wooden Box

Application: Industrial Equipment

Inspection: 100% Inspection

OEM/ODM: Acceptable

Material: Stainless Steel

We specialize in providing high quality stainless steel parts with CNC machining and fabrication capabilities. Our CNC stainless steel parts are manufactured with the highest precision and accuracy. All parts are 100% inspected to ensure the best quality. OEM and ODM

services are also acceptable.

Support and Services:

- Technical Support:
- Provide online technical support for CNC stainless steel parts.
 - Provide technical consultation and guidance for CNC stainless steel parts production.
 - Provide technical manual for CNC stainless steel parts.
 - Provide product design consultation service.
 - Provide the latest product information of CNC stainless steel parts.
 - Provide troubleshooting service for CNC stainless steel parts.
- Service:
- Provide spare parts service for CNC stainless steel parts.
 - Provide professional maintenance service for CNC stainless steel parts.
 - Provide after-sales service for CNC stainless steel parts.
 - Provide product installation and commissioning service.
 - Provide product warranty service.
 - Provide product upgrade service.
